

PREREQUISITES

Team ID	PNT2022TMID14174
Project Name	Smart waste management system for metropolitan cities

Screenshot of IBM Watson account creation

The screenshot shows the IBM Cloud console interface. At the top, there's a navigation bar with the IBM Cloud logo and a search bar. Below this, the breadcrumb path is 'Resource list / node-red-bbuyi-2022--cloudant-1668411041830'. The main content area is divided into two sections: 'Manage' and 'Overview'. The 'Overview' section is currently active and displays the following information:

- Authentication methods:** Shows 'IBM Cloud IAM' and 'Cloudant credentials' as options. A 'Migrate to IAM Only' button is present.
- Activity Tracker event types:** A dropdown menu is set to 'Management', with a 'Save' button next to it.
- Disk encryption:** A message states 'Yes. Automatically generated disk encryption key.'
- Capacity details:** A section titled 'You are currently subscribed to the Lite plan.' with an 'Upgrade' button. Below this, a table shows the current usage:

Metric	Usage
Reads	20 per second
Writes	10 per second

On the right side of the console, there's a 'Launch Dashboard' button and a chat icon at the bottom.
